**Please help – The Big Walking and Cycling Survey – for BID Businesses to complete**

Wandsworth council is developing a new Walking and Cycling Strategy – an action plan on how the council will increase the proportion of trips undertaken by walking and cycling within the borough up to the year 2030. Once developed it will form a key tool in their work tackling climate change.

**How can you help?**

They need data to inform the strategy. It would be really helpful if you could complete the following link for The Big Walking and Cycling Survey - see below.
